

Dear Valued Supplier:

I'm writing to share an important and exciting development: Covance is combining with Laboratory Corporation of America® Holdings. Together with LabCorp, we will be well positioned to grow faster and deliver even better solutions that get medicines to patients in the most efficient, safe and innovative ways possible. The combination will create the world's leading healthcare diagnostics company, capitalizing on our industry leadership in contract research and LabCorp's industry leadership in medical testing.

In case you aren't already familiar, LabCorp is a leader in commercializing new diagnostic technologies, providing leading-edge medical testing and services through a national network of primary clinical laboratories and specialty testing laboratories. Most importantly of all, LabCorp shares our commitment to innovation, delivering value to clients and creating a more patient-centric model for drug development.

Until the transaction closes, which we expect will occur in the first quarter of 2015, we will continue to operate as separate companies and it is business as usual. There will be no changes in your relationship with Covance, and your day-to-day contacts will remain the same. Our team is committed to a smooth transition and we fully expect a seamless integration upon completion of the transaction.

Once the transaction is completed, the combined company will be headquartered in Burlington, NC and led by LabCorp Chairman and CEO, Dave King. I will be leading LabCorp's Covance division, which will be headquartered in Princeton, NJ. We will continue to do business under the Covance brand you know and trust.

As we move forward, we will continue to update you on important developments, as appropriate. If you have any additional questions, please feel free to reach out to your usual Covance contact.

We look forward to continuing to work with you as we take the next steps towards an exciting future. As always, we value your continued partnership.

Best,

Joe Herring
Chairman and CEO, Covance
